- 1 JUVEN is a targeted therapeutic nutrition drink mix that has been clinically shown to support tissue building in 2 weeks,¹ and to help build and maintain lean body mass (LBM) in 4 weeks.²
- 1 Two packets per day are recommended to:
 - Increase LBM in 4 weeks in patients with illness-related weight loss.²
 - Support tissue building.^{1,2,3}
 - Significantly increase collagen formation in 2 weeks.¹
- 1 Administer orally or as a modular via feeding tube
 - Use as part of a complete, balanced diet.
 - Not for IV use.
- 1 Use under medical supervision.
- 1 Nutravigor® (CaHMB, calcium β-hydroxy-β-methylbutyrate) – a metabolite of leucine that regulates protein metabolism in muscle cells.⁴
- 1 Arginine – a conditionally essential amino acid⁵ that is a precursor of nitric oxide, which supports blood flow.⁶
- 1 Glutamine – a conditionally essential amino acid⁵ that stimulates fibroblastic collagen production^{7,8} and supports nitrogen metabolism.^{5,9}
- 1 Mixes easily into water or juice.
- 1 Lactose-free.
- 1 Gluten-free.
- 1 Halal.
- 1 Kosher.
- 1 Low-residue.

Safety Precautions

- 1 Not for sole-source nutrition.
