Powder Unflavored Footnotes & References

Per 15 g (2 Tbsp)

*The % Daily Value (DV) tells you how much a nutrient in a serving of food contributes to a daily diet. 1,000 calories a day is used for general nutrition advice.

Per 17.4 g (1 packet)

*The % Daily Value (DV) tells you how much a nutrient in a serving of food contributes to a daily diet. 1,000 calories a day is used for general nutrition advice.

Preparation

Instructions for Use:

- 1 Add 4 fl oz of water to clean sippy cup.
- 1 Slowly add one powder packet (17.4 g) or using a measuring utensil for dry ingredients, add 2 tablespoons of powder to water.
 - 1 Using the enclosed scoop; 2 unpacked, level scoops = 2 tablespoons of powder.
- 1 Shake well; use within 1 hour, then discard.

Storage & Handling

Instructions for Use:

- 1 Store unopened packets and opened or unopened powder cans at room temperature; avoid extreme temperatures.
- Once can is opened, use contents within one month.
