

Similac® Alimentum

Hypoallergenic Infant Formula

Extensively hydrolysed food for special medical purposes contains LCPs (AA and DHA).

Product features

- Starts reducing colic symptoms due to protein sensitivity within 24 hours in most infants.
- DHA and ARA to support brain and eye development.
- Made with oils that have been shown to be well absorbed. Approximately 33% of the fat as medium chain triglycerides.
- A unique blend of two carbohydrates using two absorptive pathways to help maximize absorption and minimize malabsorption risks.
- Palm olein-oil free.
- Gluten-free.

Indication

- Severe food allergies.
- Sensitivity to intact protein.
- Children and infants with protein maldigestion fat malabsorption, colic and reduce development of allergy.

INGREDIENTS

Maltodextrin, vegetable oils (high oleic safflower oil, mct oil from palm kernel oil and coconut oil and coconut oil in varying proportions, soy oil), casein hydrolysed powder (milk protein), sucrose, emulsifier, e1450 (modified corn starch), calcium citrate, potassium citrate, calcium phosphate tribasic, thickener: e415 (xanthan gum), l-tyrosine, arachidonic acid (aa) from m. alpine oil, magnesium chloride, sodium chloride, l-cystine, ascorbic acid, potassium phosphate, docosahexaenoic acid (dha) from c. cohnii oil, l-tryptophan, choline chloride, ferrous sulphate, taurine, potassium chloride, m-inositol antioxidants: e304, e306, zinc sulphate, dl-alpha-tocopheryl acetate, l- carnitine, niacinamide, calcium pantothenate, copper sulphate, vitamin a, palmitate, riboflavin (vit.b2), thiamin (vit. b1), pyridoxine hydrochloride (vit.b6), potassium iodide, folic acid, vitamin k1, biotin, sodium selenite, vitamin d3 and vitamin b12.
