

JULY 2019 NEWSLETTER

TELL US WHAT YOU THINK

The Abbott Nutrition Health Institute (ANHI) is committed to providing high-quality education and resources for healthcare professionals like you.

Please let us know how we're doing. [Take this year's annual registrant survey](#), which should take no more than five minutes to complete.

WEBINAR: PREPARING THE CARDIAC PATIENT FOR SURGERY

The cardiac surgery patient has unique needs, which makes preparing for surgery crucial. By following the Enhanced Recovery After Surgery (ERAS) cardiac guidelines, healthcare professionals can optimize patient outcomes and mitigate potential risks. Join us on 7 August for our exclusive webinar, **“Optimizing Nutrition Status of the Cardiac Surgery Patient,”** presented by Kevin Lobdell, MD, and Katie Starr, PhD, RDN, LDN.

FREE CONTINUING EDUCATION: 1.0 RN CE; 1.0 RD CPEU

During this live webinar, you'll learn how to:

- Identify the unique needs of the cardiac surgery patient and the potential effects of surgery
- Review standard cardiac surgery screening tools and nutrition considerations for the cardiac patient prior to surgery
- Learn recommended ERAS nutrition interventions for pre- and post-cardiac surgery

WHEN: 7 August 2019

- **Webinar 1:** Noon-1 PM ET
- **Webinar 2:** 7-8 PM ET

NEONATAL FUNDAMENTAL SERIES

Back by popular demand, our free continuing education series—**Neonatal Fundamentals**—is an update to ANHI's previous NICU Boot Camp programs. The courses focus on:

- Infant nutrition assessment
- Parenteral nutrition
- Enteral nutrition
- Discharge and follow-up – **COMING SOON**

FREE CONTINUING EDUCATION: 4.0 RN CE, 4.0 RD CPEU

GLYCEMIC GUARDIANS

The International Diabetes Federation predicts that 1 in 11 adults—425 million people worldwide—is living with diabetes today, and 1 in 2 of those adults is undiagnosed (212 million).

Because diabetes is such a pervasive, chronic disease, we've invited a global collective of esteemed diabetes experts to collaborate on a series of resources, including:

- **Infographic:** Global Impact of Diabetes
- **Mechanism of Action Video:** Glucagon-like Peptide 1 (GLP-1)
- **Video:** Rethinking Nutrition Intervention

PRACTICAL STRATEGIES FOR ACHIEVING GROWTH POTENTIAL IN CHILDREN

In this course, you'll identify four pediatric chronic health conditions associated with malnutrition; discuss nutritional interventions to prevent or correct growth faltering; and more. We originally presented this program at the 6th International Conference on Nutrition & Growth.

FREE CONTINUING EDUCATION: 1.0 RN CE, 1.0 RD CPEU
