Nutrition Guidelines for Pediatric Providers Caring for NICU Graduates

OBJECTIVES:

- Review the importance of specialized nutrition for the preterm infant to maximize neurodevelopmental outcomes after discharge.
- Describe best practices and challenges for the healthcare team when planning for discharge using either breastmilk and/or formula products.
- Discuss a case study to illustrate nutritional goals for a typical NICU graduate.

MEETING INFORMATION:

Date: Thursday, October 10, 2024

Time: 1:00-2:00pm EDT

Location: Live Webinar
