

OBJECTIVES

- Review the current landscape of survival and morbidities of small babies, and discuss delivery room and NICU care.
- Review the importance of reading physiological factors and infant behaviors to promote positive feeding experiences.
- Describe consequences of neonatal malnutrition and barriers to diagnosing it.
- Discuss components of the neonatal malnutrition screening tool and apply the tool to case scenarios.
- Describe the structure and function of neonatal skin, discuss common cutaneous injuries and the approach to wound healing.
- Describe the pathophysiology of Gastroesophageal Reflux Disease (GERD) and best practices for the development of safe feeding among infants.

NEONATAL AND INFANT CLINICAL CHALLENGES 2024

OUR SPEAKERS

Andrea Mangino
MS, CCC-SLP

Andrea Mangino is the Manager of Pediatric Speech-Language Pathology at Cohen Children's Medical Center and LIJ Hearing and Speech Center. While there, she developed and continues to improve the pediatric inpatient and outpatient feeding and swallowing program. Andrea is a Pediatric Specialist in feeding and swallowing disorders with advanced training in clinical/instrumental assessment and management of infant and pediatric dysphagia. She is recognized as an expert in swallowing/feeding across the continuum of pediatric settings, including neonates, medically fragile infants, and children with a tracheostomy.

Andrea provides lectures on topics including neonatal and pediatric dysphagia, and feeding in the NICU, as well as related topics including speech and swallowing for patients with craniofacial anomalies.

Lyssa Lampport
MS, RDN, CDN

Lyssa Lampport is the Neonatal Nutritionist at Cohen Children's Medical Center of New York. Although based out of Cohen Children's Medical Center, she serves as a consulting nutritionist for some of their outlying NICUs as well as the coordinator of their Neonatal Malnutrition Team and the Neonatal Intestinal Rehabilitation Team. Along with the lactation team she assisted in developing their human milk nutrition room. She has participated in numerous nutrition related studies including trials of Omegaven, SMOF, Prolacta, and the Abbott head-to-head human milk fortifier trial. She has also conducted her own

research looking at neonatal refeeding syndrome, post-discharge outcomes of using human milk fortifier, ferritin approach to timing and dosing iron supplementation, osmolality feeding safety, the impact of pulmonary hypertension on growth and obstetrician knowledge of the nutritional impact of gastric bypass on pregnancy and supplementary iron needs of preterm infants. She has also served as one of the reviewers of the first American Academy of Nutrition and Dietetics Neonatal Nutrition Handbook.

Vita Boyar
MD, CPE, FAAP, CWSP, FABWH

Dr. Vita Boyar, an Associate Professor of Pediatrics at Zucker School of Medicine, Hofstra University is a Board-Certified Neonatologist and a Certified Wound Specialist Physician, practicing both neonatology and wound care at Cohen Children's Medical Center of NY, Northwell Health System. She is an Associate Director of Northwell Neonatal Services and a medical director of the level 4 regional neonatal intensive care unit.

Dr. Boyar is a member of the Society for Pediatric Research. Her wound research interests include antimicrobial products in neonatal population, skin maturation and wounds healing. Her quality improvement projects have focused on care of extremely preterm neonates, hypothermia and NICU neurodevelopmental environment. Dr. Boyar has published extensively and is a reviewer for various journals and has consulted international/national NICUs and pediatric units on neonatal skin team building. Her work has won various awards and has been featured on the show Good Morning America.

Dr. Boyar is a board member of International Society of Pediatric Wound Care, as well as member of the Association for the American Academy of Pediatrics, Advancement of Wound Care, American Professional Wound Care Association.

7:30AM-8:00AM	REGISTRATION/BREAKFAST
8:00AM-9:00AM	Tiny and Mighty: Approach to Small Baby Care Vita Boyar, MD, CPE, FAAP, CWSP, FABWH
9:00AM-9:15AM	BREAK
9:15AM-10:15AM	Cue-Based Feedings in the NICU and Beyond Andrea Mangino, MS, CCC-SLP
10:15AM-11:15AM	Neonatal Malnutrition Lyssa Lampport, MS, RDN, CDN
11:15AM-11:30AM	Q&A
11:30AM-12:30PM	LUNCH
12:30PM-1:15PM	Neonatal Malnutrition (con't) Lyssa Lampport, MS, RDN, CDN
1:15PM-2:15PM	Challenges in Neonatal Skin and Wound Care: Where Are We Today? Vita Boyar, MD, CPE, FAAP, CWSP, FABWH
2:15PM-2:30PM	BREAK
2:30PM-3:30PM	Gastroesophageal Reflux Disease Challenges and Strategies for the Development of Safe Feeding Among Infants Andrea Mangino, MS, CCC-SLP
3:30PM-4:00PM	Q&A/ADJOURN
In addition to completing an online evaluation, participants of our programs can provide feedback directly to CDR at www.cdrnet.org .
