

PROGRAM OBJECTIVES

AFTER ATTENDING THIS CONFERENCE, PARTICIPANTS WILL BE BETTER ABLE TO:

- Discuss the care of preterm infants born across the range of gestational ages.
- Describe management strategies for metabolic bone disease and non-pharmacologic treatment options to control reflux in newborns.
- Review how evidence-based skin care practices can protect the newborn's microbiome.
- Review specific needs for LGBTQ+ and other culturally diverse families and discuss ways to provide individualized and inclusive maternity care to all families.

UPDATE ON NEONATAL CLINICAL CHALLENGES

OUR SPEAKERS

Sharon Groh-Wargo
PhD, RD

Dr. Groh-Wargo has over 40 years of experience as a neonatal dietitian, is a nationally known speaker and researcher, and has authored numerous publications on neonatal nutrition. She is a contributor to all three editions of the Academy of Nutrition and Dietetics' Pocket Guide to Neonatal Nutrition and authored a chapter on "Lactoengineering" for the 3rd edition of "Infant and Pediatric Feedings: Guidelines for Preparation of Human Milk and

Formula in Health Care Facilities". She participates in the BEGIN Project – Breastmilk Ecology: Genesis of Infant Nutrition - sponsored by the NIH in cooperation with the Academy of Nutrition and Dietetics, which was convened to investigate human milk as a unique biological system. Dr. Groh-Wargo received the Academy of Nutrition and Dietetics' Medallion Award in recognition of her professional contributions.

Terrie Lockridge
MSN, RNC-NIC, C-ELBW

Terrie is a Neonatal Clinical Nurse Specialist with 35 years of professional practice devoted to supporting newborns at risk. She has experience in many different aspects of neonatal critical care, including ECMO, postoperative cardiac care, neuroprotection, transport, resuscitation, and stabilization. Terrie received her BSN from Saint Anselm College and her MSN from Boston College. She is a member of the National Association of Neonatal Nurses, the

Academy of Neonatal Nurses, and the past President of the Pacific NW Association of Neonatal Nurses. Terrie has been a STABLE Program and Neonatal Resuscitation Program Instructor since the inception of both curriculums. Terrie is an accomplished author, having contributed to peer-reviewed journals and textbook chapters. Her special interests include neonatal skin care, pain management, and neuroprotection. Terrie currently works as a NICU nurse at a Seattle tertiary center with nearly 10,000 births yearly, and she brings a practical approach to her educational offerings that combines pragmatic clinical information with the latest in evidence-based practice.
